How to Access Databases

Begin on the library’s homepage: http:/library.rangercollege.edu

Click on the Databases button.

The Database Resource page will open (pictured below) and you can select a databases to begin your research.
Many of our databases are through the TexShare program. In order to log into the TexShare databases, use the following credentials:

**User:** rcc5162  **Password:** tx76470

We also have access to several Gale databases. In order to log into these, use the following credentials:

**Password:** texas

Finally, we have access to America’s Newsbank. In order to log into this database, use the following credentials:

**User:** rangers  **Password:** rangers

If you need further assistance, please contact library staff at 254-647-1414 or by email at library@rangercollege.edu.
